Best purchase ever!!!

I love flipping it over to grab a pickle and my fingers stay dry!

★★★★★ Verified Purchase

Love it

It was bigger than I thought, it fits a whole jar of pickles. I have kids that love pickles so it's so easy for them to flip it and open it.

Jeanine

Very Happy

Had this for about a week and a 1/2. Now the steel is very efficient. No leakage, love the color. Easy to open, and holds alot.

Momof4

★★★★★ Verified Purchase

Works great.

I have bought the plastics versions before and I prefer this one. It doesn't fit a full can 26oz of the these

megan

★★★★★ Verified Purchase

Best thing ever!!!

I absolutely love this pickle jar. I bought one but I think I need to buy more. For my olives, cocktail onions, cherries ect. The price is good. I need more.

Amazon Customer

★★★★★ Verified Purchase

Expensive, but a must have!

This is a high quality jar and does exactly what it's made to do. I WILL be buying more! However, fyi... it will only accommodate small jars of pickles. The full size pickle spears are too tall for the jar. It would be nice if these came in taller AND shorter sizes (for pickle spears and olives). But regardless... ☆☆☆☆☆
